

Welcome to the municipality of Reingers to the 4th FISTC Cart European Championship 2010

M U S H E R I N F O

By every race our dogs and the Musher stand in the general public. Visitors, media (press and TV) photographers and not to forget sponsors, judge us not by the speed, but mainly like we handle with our animals. Our runnings should be occasions which are visited by animal friends and sportily interested people equally with pleasure.

Therefore, we ask you to respect the following points:

1. Understanding and mainly patience towards our dogs.
2. Whe should go around with the dogs and did not tug them.
- 3 The animals, if inevitably, carry and do not drag like a bag.
4. Crude treatment, cursing and yelling are of a Musher unworthily.
5. Take your dogs out and in of the boxes carefully.

The uppermost order is cleanness on the Stake-Out !!!!!!!!!!!!!

The dog excrement should be removed by every Musher on his Stake-Out place and to deposit in bags. Holes the dogs dig are to be filled up again. WC, water and showering are in the camping building and the put up containers. Here is also cleanness announced!
